

MEET THE TEACHER

Barbara Quaranta

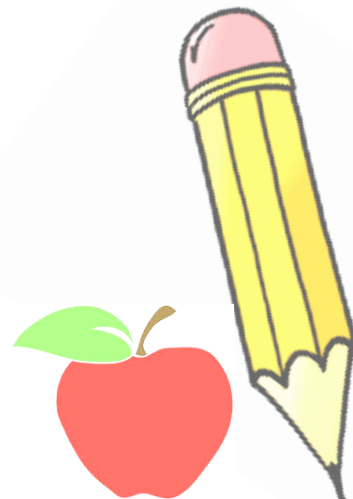

THE BASICS!

Hi my name is Barbara! I am 33 years old and I live in Campobasso with part of my family, my husband Pino and our horse called Spicy. We love spending time in the countryside with horses and dogs, and having barbecues with friends. I have taught English for 10 years and this will be my third year at IH - Accademia Britannica - Campobasso.

MY CHILDHOOD!

I grew up in Campobasso, Molise, and I spent most of my childhood studying English, Greek and Latin. As a child, I also loved speaking a secret unknown language with my dad. I started travelling when I was 17 years old. I have always loved travelling and getting to know different cultures. So far I have lived in the USA, the UK, Egypt, and the United Arab Emirates and have travelled to many more places...

MY EDUCATION!

In 2003 I got a degree in Translation and Interpretation for Specific Purposes in English, Italian and Arabic. I also studied Scientific and Computer-Assisted Translation in my Master's degree. I got my PhD in Intercultural relations and processes in 2015 and I am interested in the translation of political concepts.

MY FAVOURITES!
