

# MEET THE TEACHER

Connie Manocchio

## THE BASICS!

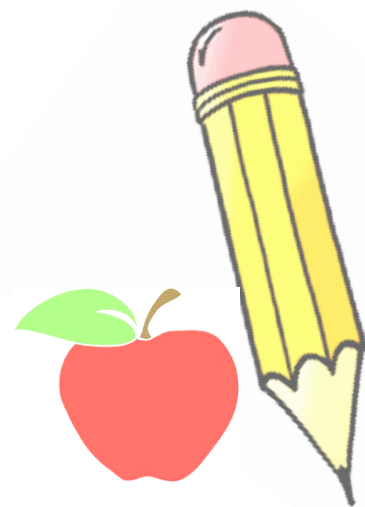

Hi my name is Connie Manocchio. I live in Baranello with my husband and two sons. I enjoy travelling, cooking and spending time with my family and friends. I usually teach older teenagers and adults at all levels and usually prepare them for the Cambridge exams.

This will be my 11<sup>th</sup> year at this school and I'm looking forward to teaching some of my former students as well as meeting and teaching new learners.

## MY CHILDHOOD!

I grew up in North York, Ontario, Canada where my family still lives today. My father grew up in Baranello and my mom in Vinchiaturu and so I'm proud to say I'm "Italo-Canadese".

I remember spending a lot of my time in shopping malls and going to Italian Cafes with my sisters and cousins. Winters were quite long but we went to school everyday despite the deep snow. Ice skating was just one of the enjoyable ways to get through the long winter months.

## MY EDUCATION!

After high school I attended a business college, the London School of Business for Accounting. Later on in my life I decided to become qualified in teaching English as a foreign language which I obtained from the University of Saskatchewan in Canada. I am currently a Cambridge examiner for all levels.

## MY FAVOURITES!
