Gean Marie Vale

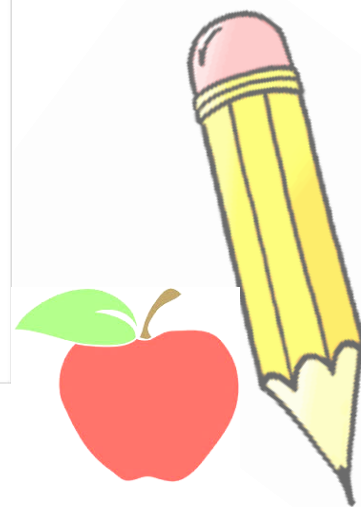

THE BASICS!

Hi my name is Gean. I live in Campobasso, Italy with my husband and two children. I love travelling, watching films, music, reading, baking, going for walks and spending my free time with friends and family members. I will be your English teacher this school year and I'm so excited to make this year your best year yet!

MY CHILDHOOD!

I grew up in a southwestrn suburb of Cleveland, "Seven Hills", with two older brothers. My parents were both born in Molise and raised their three children to be proud italoamericans! My childhood years were spent playing softball on the elementary school team and vollyball on the high school team, learning how to play the piano, swimming, reading books and going out with my cousins and girlfriends.

I have an Associates and a Bachelors degree. The Bachelors degree is in Business, graduating from Cleveland State University, (CSU) specializing in International Systems.
